HISTORY (THE PAST & PRESENT)

Commonwealth Insurance Company (CIC) was established in 1935 by Don Andres Soriano, who also founded San Miguel Brewery. Computed to be in its 9th decade, CIC is one of the most experienced insurers in the Philippines. Surviving the challenges of time, its ownership has been transferred from various hands until the present professional group of enterprising investors took over on October 7, 1997. These investors were ably led by Mario A. Noche, who eventually became the Chairman of the Board and concurrently the Chief Executive Officer and President of Commonwealth Insurance Company.

From the time the new management and owners took over, CIC had outperformed most of its competitors and still outperforming them now. It is today, one of the respected and recognized leaders in the non-life insurance industry. CIC has been duly accredited by almost all universal, with government procurement entities (national and local government units), construction companies, real estate developers, commercial, development, savings and rural banks together with leasing and financial institutions in our country. The continued growth and progress of CIC in the insurance industry could be principally attributed to its excellent service to its growing clientele through prompt settlement of valid claims and fast issuance and delivery of needed insurance policies to its clientele nationwide.

Under the present energetic and innovative management, CIC is committed to continue the legacy and tradition of quality service with a vision for excellence emulated and started by Don Andres Soriano.

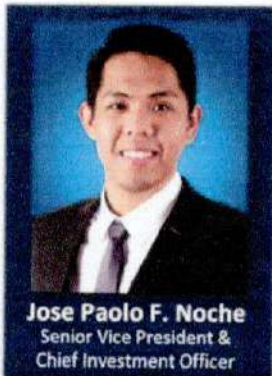

Since its establishment in 1935, Commonwealth Insurance Company, has been one (1) of the leading non-life insurance provider, offering consistent safety, security, and peace of mind in conducting business activities in favor and in behalf of insuring private person and public entities. With a strong commitment to sustainability, the company has built a reputation for reliable service to its patron. Presently (year 2025), the company operates forty (40) active branches nationwide, composed and run by three hundred five (305) total manpower with seventy-seven (77) officers and two hundred twenty-eight (228) staffs dedicated to serving the community, and meeting its insurance needs.

Underwriting performance and surety bonds for solar, and wind power projects.

Social

CIC's products and services aim to build a secure and prosperous society by offering comprehensive, legally compliant, and transparent insurance solutions. The company upholds dignity, respect, and fairness for employees and stakeholders; prohibits human rights abuses; promotes a safe and inclusive workplace; and supports access to ESG-related information for clients and partners to enable responsible decision-making.

Governance

CIC maintains robust corporate governance to ensure ethical conduct, legal compliance, and responsible risk management. Key practices include:

1. Strict compliance with laws, regulations, and regulatory guidelines.
2. Prohibition of unfair trade practices, bribery, money laundering, and abuse of market position.
3. Protection of intellectual property and confidentiality of customer records.
4. Transparent management, responsible handling of conflicts of interest, and fair, lawful use of corporate assets and information.
5. Respect for human rights and non-discrimination for employees and customers, as well as avoidance of insurance products that may facilitate indiscriminate mass harm.

The Board of Directors has created a Sustainability Committee and designated a full-time Sustainability Officer to oversee sustainability policies, regulatory compliance, and stakeholder engagement. The Committee reviews and updates CIC's Sustainability Report and ensures transparent disclosure and active dialogue with stakeholders on environmental and social initiatives.
